

QUICK SUMMARY

CareWear is a one-of-a-kind, innovative wearable device worn around the wrist with trackable technology and small motion sensors that report real time health and fitness, in addition to issuing alerts via connectivity to an app displaying a personal dashboard for a total health experience.

UNIQUE FEATURES

- **LED INDICATORS:** Blue LED indicators light up screen
- **REAL-TIME PERSONAL HEALTH DATA COLLECTION:** Accompanying WearHeart app with personal health dashboard features.
- **CONTINUOUS MONITORING:** Steps, Distance Walked, ECG, Blood Pressure, Heart Rate, Biometric Data, Vital Signs, Sleep and much more!
- **CLOCK & ALERT SYSTEM:** Tells time, stop watch and alarm settings.
- **TOTAL HEALTH EXPERIENCE:** Allows users to integrate their health and lifestyle behaviors in an unprecedented way with integration of ForeverGreen global envelope model products formulated with overall health & well-being in mind.
- **SYNC WIRELESS:** Syncs with Bluetooth  to leading iOS and Android devices.
- **CHARGING:** USB-C dongle for charging
- **SHAKE PHOTOGRAPHY:** When you shake your CareWear device, your phone's camera will help you take photos and upload to an album.

DIRECTIONS FOR USE

CareWear is to be worn in close contact to clean skin around the left wrist in a high position for optimal readings from the sensor window.

Wristband colors will be announced by prelaunch.

Pack contains four (4) wearable devices

BUY 3 - GET 1 FREE
While Supplies Last!

PRICING

Retail/Enrollment: \$799

Wholesale/Member: \$799

QV: 250

CV: 250

Coded Bonus: \$150 five generations

Starting Tuesday, Sept. 12th, the CareWear Pro Pack Presale is LIVE! It can be purchased by current Members and by newly enrolled Members.

CareWear Pro Packs include four (4) wearable devices. The retail value of 4 devices is \$1,076.

For a limited time only, the presale cost is only \$799 plus shipping while supplies last.

That's 4 devices for the cost of 3*!

**Customs and duties may apply depending on each country's regulations.*

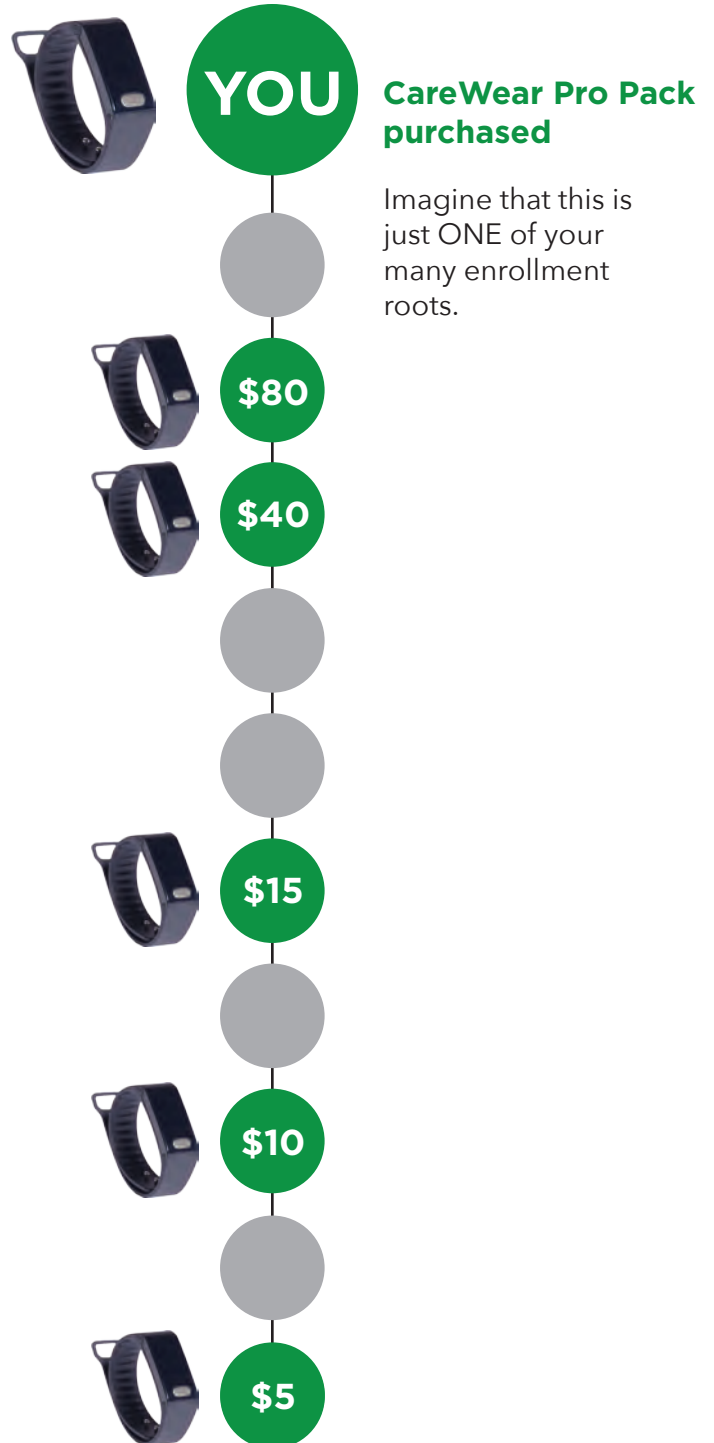

Each CareWear Pro Pack Presale includes one free CareWear device, 250 QV/CV plus a \$150 five-generation Coded Bonus. Please take note that the retail price is the same as the Member price during this presale, and the Retail Bonus has been replaced with the Coded Bonus. The Coded Bonus only applies to Members participating with the purchase of a CareWear Pro Pack.

HOW THE CODED BONUS WORKS:

The first requirement for eligibility to receive a Coded Bonus is to purchase the CareWear Pro Pack. When you purchase a CareWear Pro Pack, you can earn the Coded Bonus! The bonuses are paid out in five levels. Only those Members in your enrollment root who purchased the CareWear Pro Pack are eligible for Coded Bonus payout as follows:

- 1st Level: \$80 per pack
- 2nd Level: \$40 per pack
- 3rd Level: \$15 per pack
- 4th Level: \$10 per pack
- 5th Level: \$5 per pack

This presale is for a limited number of Pro Packs on a first come, first serve basis. Product to be shipped 4 to 6 weeks after the presale window has been closed.

The CV/QV and Coded Bonus will be applied for the week in which the order is processed. ForeverGreen will ship the CareWear Pro Pack within 4 to 6 weeks.

Members may opt-in to a case study when they purchase the CareWear Pro Pack to share their information collected by the devices. This data is only shared with ForeverGreen scientific advisory board members. Members who have chosen to opt-in upon purchase of the CareWear Pro Pack will receive a one-month supply of the new cardiovascular product for FREE with no QV. The only cost levied would be to cover shipping of the FREE envelope product. One free product per Pro Pack purchase.

Additionally, Members participating in the study commit to complete a survey identifying their starting date of product use, with a minimum commitment of one week daily use. Once there is enough data for the study, and the newly formulated cardiovascular product with TransArmor™ Nutrient Technology is available, the product will be shipped. Customs and duties may apply in select markets.

CareWear - Frequently Asked Questions

What makes CareWear different from other wearable technology on the market? It is the first of its kind to complete a circle of Nature - Science - Products - Education - Technology for a total health experience.

What material is used in CareWear's wristband? Hypoallergenic silicon rubber is the material used for the wristband for its durability and prevention of skin irritation or rashes.
