Reach for Higher Health

- HEALTHY METABOLISM
- ANTIOXIDANTS
- FREE RADICAL DEFENSE
- GOOD MOOD

AIM TRANSFER FACTOR

AIM™ Transfer Factor is an advanced formula that supplies your body's cells with the critical nutrients it needs to maintain its healthy, youthful state. Specially designed by a biochemist, AIM offers a high antioxidant (vitamin C) value and supports healthy immune and metabolic systems.

Featuring ingredients like marine phytoplankton, resveratrol, pomegranate extract, glutamine and more, AIM provides the nutrients and intelligence every cell needs for optimal function. Healthy, strong and high-performing cells make for a healthy, strong and high-performing body.

Add AIM to your daily supplement regimen and amp up your body's own defense mechanisms while reigniting your metabolism. AIM is truly the best of nature enveloped in the latest sciences."

AIM™

WHY IS AIM GOOD FOR ME?

"Imbalance between free radicals and antioxidants in the body creates what is known as oxidative stress on the cells. Oxidative stress in the body has been theorized to be a significant contributor to the development of many unhealthy conditions in the body. Although our bodies have natural systems designed to fight off the negative effects of free radicals, a healthy diet and exercise may not be enough anymore to keep these systems functioning optimally. We must provide our bodies with the essential components it needs in order to function properly at a cellular level.

Don't let your body get overwhelmed by toxins. Your armour in the battle against toxins is AIM! It's a tried-and-true scientific way to combat the effects of free radicals, turbo-charge your metabolism, and strengthen your immune system all in one amazing product."

MARINE PHYTOPLANKTON AT ITS BEST

"Many have said that AIM offers power and protection matched only by the milk a mother offers her newborn child. Ironically, AIM also features what has sometimes been referred to as "Mother Nature's Milk": marine phytoplankton. Considered nature's "superfood", marine phytoplankton is a whole food source that naturally features a full spectrum of amino acids, trace minerals, vitamins, enzymes, micronutrients, essential fatty acids and antioxidants.

HOW TO USE:

Take 3 capsules daily with water.
Keep in a dry, cool place, away from direct sunlight.

Supplement Facts

Serving Size 3 Capsules
Servings per Container 30

	Amount per Serving	%DV*
Vitamin C (as ascorbic acid)	240 mg	400%
Vitamin D (as cholecalciferol)	900 IU	225%
Zinc (as amino acid chelate)	18 mg	120%
Transfer Factor	424.5 mg	†
AminoCeps Extract Blend	346.73 mg	†
Phytonate Proprietary Blend	261.3 mg	†

Other ingredients: Rice flour, gelatin, water, glycerin.

AIM features "open cell" marine phytoplankton. Since the human body lacks the enzyme required to break down the silica shell that naturally encases marine phytoplankton, the nutrients from most marine phytoplankton products are never absorbed. By contrast, marine phytoplankton offered exclusively from the ForeverGreen Farmers Market have been harvested using patented technology that removes this shell without the use of heat, freezing, or chemicals, allowing the body to utilize every nutrient."
